

INVESTIGATOR – DISCOVER CARD

Bob Farrell called and he wanted to know if we could get word out concerning a job opening (investigator) with Discover. It would involve covering the following areas:

Southern Virginia (south of I-64), Kentucky, N. Carolina, S. Carolina, Georgia, Tennessee, Alabama, Mississippi and Arkansas

He said they would be working out their house, so location sounds flexible (GKT may go for it). While I didn't ask Bob specifically, I'm assuming that they'll want someone living in or around those areas for this position. He said he'd provide a contact name if anyone expresses an interest. I thought you could get something out over the NARPI network (Tree could be back). Let me know. Thanks.

Anyone interested should contact Postal Inspector Vincent Cinnamo at VCinnamo@uspis.gov or telephone 212 330-3350 or NARPI member Steve Korinko at SKorinko@StrozFriedberg.com or telephone 212 766-6002.
