Investigator, Warner Bros. Studio Facilities

About the Job

Warner Bros. Studio Facilities is searching for a knowledgeable and talented Investigator to conduct comprehensive investigations of varying complexity such as thefts, frauds, and threat assessments. Position responsibilities include responding to critical incidents and ensuring the safety of personnel and security of property; preparing comprehensive reports of investigations and maintain thorough and accurate statistics involving caseload, crime and incident trends; establish and maintain effective liaison with appropriate law enforcement agencies and counterparts within the industry.

The successful candidate will have 3—5 years investigative experience in public or private industry, public law enforcement experience or comparable military experience preferred; specialized/formal training in investigative interview techniques, evidence gathering, and report writing; conceptual understanding of computer forensics; proficient use of the Internet to conduct investigations and research (e.g. email tracing, web page ownership, knowledge of information resources, use of social networking sites, etc.) Bachelor's degree in Criminal Justice or successful completion of a state or federal certified law enforcement training academy, and experience with covert camera

equipment highly desirable. Must be able to communicate effectively with all levels of personnel and governmental agencies. Proficiency in Word and Outlook required; Excel and PowerPoint desirable. Must be able to work flexible hours, e.g. after hours, weekends and holidays.
