

RESEARCH ASSISTANSE NEEDED

I am looking for someone who can do some archive research at the National Archives and Records Administration in College Park, Maryland. Finally found out where the Secret Service records are stored. As much as I would love to dig in the files myself, going to College Park from Idaho will not happen till next spring or summer. If any retired inspector lives in the College Park area and would be interesting in doing a little digging I would like to talk to them.

My book covering postal counterfeiting from 1895 to 1940 is now at the publisher and hopefully will be off the press sometime in January. We still have a lot to do before it is ready.
